

## ENVIRONMENTAL POLICY STATEMENT

Greenhouse Graphics Ltd is an actively environmentally vigilant company. We strive to identify and minimise our impact, as a commercial business, on our local and global community.

We are committed to continually improving our environmental performance, meeting all compliance obligations, preventing pollution and protecting the environment by minimising our environmental impacts.

We aim to maximise client's environmental credentials by maximising our own.

In addition we are committed to:

- Setting a framework for our environmental objectives
- Using sustainable resources, so by protecting biodiversity and minimising ecological impact
- Taking steps to minimise our energy consumption and minimise our carbon output
- Taking steps to minimise our waste production
- Minimising resource usage in the first instance by applying a life-cycle perspective to this; re-using resources; and recycling where-ever possible throughout our design and print production processes.
- Communicating our environmental credentials e.g. our policy and commitments, to clients and interested parties
- Making this policy available on request to public and private sectors
- This policy shall be maintained and updated.

This policy will be reviewed on an annual basis.
